

## **Vision for Disley and Newtown:**

Disley is a village with a cherished history and its unique character and atmosphere will be maintained. The position of Disley as a “Gateway to the Peak District” will be developed ensuring that visitors continue to be attracted and welcomed to the village. The green belt around Disley will remain, with any development being well managed and sustainable and meeting the needs of the whole community, whilst maintaining the village character, scale and atmosphere.

By 2030 Disley and Newtown will be a vibrant, thriving community with easy access to green spaces and the open countryside. Disley’s position as a local service centre will be enhanced with excellent amenities and services for all, and an improved village centre which balances the needs of motorists, pedestrians, cyclists and public transport users along with those of local businesses.

## **Objectives for Disley and Newtown:**

- To protect the green belt and enhance access to the open countryside
- To improve the village centre
- To protect and enhance heritage and conservation assets
- To recognise the importance of public transport services to and from Disley and Newtown in meeting the needs of both residents and visitors
- To support and enhance the local economy
- To improve services and amenities
- To mitigate existing parking problems
- To ensure that all developments meet local needs
- To ensure that all developments are in keeping with the character of the village
