To consider a motion supporting the 20's Plenty for Cheshire East campaign

Disley Parish Council:

1. Supports the 20's Plenty for Cheshire East campaign.
2. Calls on Cheshire East Council to implement 20mph in Disley and Newtown and
3. Will write to Cheshire East County Council to request 20mph speed limits on streets throughout Cheshire East where people live, work, shop, play or learn, with 30mph as the exception on those roads, where full consideration of the needs of vulnerable road users allows a higher limit.

Dear Caroline,

I hope you are well. At our full council meeting last night, the proposed temporary closure of Hartington Road, High Lane was discussed. Our understanding is that barriers are to be erected to stop rat running, with a view to a permanent closure if successful.

Disley Parish Council is extremely sympathetic to our neighbours in High Lane as we are similarly affected by the rat running that has significantly increased after the opening of the A555.

On one hand, we applaud proactive measures to stop vehicles often traveling high speed, and dangerously. Indeed we look on with some envy as we have had little help from Cheshire East to mitigate this problem ourselves despite what we see as a very high risk of injury or death on routes such as Buxton Old road and Jacksons Edge.

We are concerned however that the proposed closure will:

- Cause an increase in traffic on the A6, which already regularly backs up from the A555 junction, to and beyond Disley village centre, an AQMA. This will particularly affect commuters and school children bussed to Poynton High School.
- Increase rat running on Jackson's Edge/Carr Brow, Light Alders, and the estates on the north side of High Lane.
- Directly impact residents on the Cheshire East side of Park Road.

We would appreciate more detail on the proposal, including proposed dates and planned communications to drivers and neighbouring communities such as ours. We'd also appreciate confirmation that Cheshire East is aware of the proposal so for example it can plan its own highways works accordingly, and support us with any issues we will inevitably have with increased traffic.

We are also keen to understand if there will be any measures on the A6 to improve traffic flows during the trial and in any event. For example, the lights at the Junction of Windlehurst road are often cited as a significant problem in rush hour – a view we wholeheartedly support.

Finally on the subject of the A6, can you let us know what the latest progress is on the A6 corridor study?

I look forward to hearing from you.

Regards

Simon

ITEM 10.1

**Notes from Disley Parish Council Health and Well-being Project Group
Teams meeting Thursday 10th November 2022**

1. Present: Richard Holland, Sue Adams, Dom Hutchins, Jean Windsor, Frances Underhill, Sue Wallis, Clare Johnson, Genevieve Lampley, Leah Isadora. No apologies received. Introductions were made as Leah is new to the group.

2. No matters arising from previous meeting 8th September not included in agenda

3. CJ reported that it was disappointing that no one attended Time to Talk at the session on 3rd October in Disley. It is hoped that someone will attend the last session for this year, Monday 5th December. It is felt that next year's sessions would be better scheduled to run alongside the Disley Friends Social Group that is starting on Friday 13th January 2023 from 1.30 to 3.30pm at Disley Community Centre. There have been difficulties re-engaging since Covid. Support from Schoolhouse Surgery is needed.

Action: Sue will email Sharon Duke and Rhoda Gaylo with dates for Disley Friends Social Group.

4. RH reported that CE grant funding has been approved which means there will be a budget for offering Warm Places. The first session, directly after Cuppa an' a Chat on Wednesday 9th was attended by 22 people. Further sessions are planned for 23rd November, 7th December and 21st December from 12pm to 1.30 pm. This is being offered to all the community. St Marys Church will also be holding soup and a roll on Thursdays. The Baptist church are offering hot drinks but no food on Tuesday. The library is offering a warm space with drinks/biscuits being provided by DPC from the grant funding. It is intended to run a film show once a month on a Sunday afternoon at the Community Centre. The first film will be on Sunday 15th January.

5. DH has looked at offering for young people provided by Just Drop In at Macclesfield.

Action: Dom to liaise with Clare about the possibility of Just Drop In outreach in Disley.

6. Frances is relaunching the Carers Group in January at the Community Centre as there were only 2 people who attended at the Baptist Church. Lack of parking, timing not being right, and frequency were all contributing factors to the group not taking off as hoped. The new offering will be every second Friday of the month from 1.30 to 3.30pm commencing 13th January 2023. The group will be modelled on the successful group in New Mills, with singing, music, and chair-based exercises. This will be open to all, not just dementia patients and their carers. It is hoped that Time to Talk can be run alongside the new Disley Friends Social Group. SA suggested inviting Orcadia to attend. RH advised that Lauren, DPC's Freelance Media Assistant could help with publicity. Frances is holding a meeting on 15th November with volunteers.

7. CE Health & Wellbeing Bus Stay Well Squad held a session in Disley last month (blood pressure/ECG/general health advice). This was very popular and 27 people attended. It was hoped to run another session in Disley, but inside next time due to colder weather. A business case is being put together as funding is being withdrawn after December. Support from DPC and Schoolhouse surgery could help to make the case for the service to continue.

8. Richard said 2 volunteers from Disley who have been trained in Know Your Numbers would like to hold further sessions. These may be run to tie in with the Carers Group or Warm Hub days rather than as stand-alone sessions.

9. Sue W advised PATCHS, the replacement for Ask my GP, is going live on 1st December. There is a briefing session in Poynton on Thursday 17th November and 2 training days at Disley Library. Patients will be assisted with registering onto the new system at these sessions. Middlewood newsletter and social media will publicise this. Patients who are unable to use the new system will still be able to phone the surgery. The new Social Prescriber and 2 new Mental Health practitioners will also be publicised. Sue Wallis advised that she will be stepping down from this group before our next meeting as her contract is due to end.

10. Next meeting Thursday 19th January 2023 at 10am via Teams

Subject: FW: Cheshire East Minerals and Waste Plan - Consultation on Draft Minerals and Waste Plan (MWP) and Call for Sites

From: MINERALS AND WASTE <Minerals.and.Waste@cheshireeast.gov.uk>

Subject: Cheshire East Minerals and Waste Plan - Consultation on Draft Minerals and Waste Plan (MWP) and Call for Sites

Dear Disley Parish Council Clerk,

I write to notify you that Cheshire East Borough Council will be undertaking a 6 week period of consultation, from 9 November to 5pm on 21 December 2022, to seek the views of interested parties on its draft MWP and supporting documentation including the Interim Sustainability Appraisal and draft Habitats Regulation Assessment.

The draft MWP has two main purposes. The first is to allocate sites and areas so that the Council can sustainably meet identified requirements for the provision of minerals and the management of waste. The other is to set out detailed policies to guide decisions on minerals and waste planning applications within the Borough. Once it is adopted the MWP will replace the saved policies contained within the separate Mineral and Waste Local Plans prepared by Cheshire County Council. These were adopted in June 1999 and July 2007 respectively.

In conjunction with the consultation on the draft MWP, the Council is also undertaking a call for sites exercise to provide an opportunity for land owners and others to put forward sites (and areas in the case of minerals) they consider to be suitable for minerals and waste related allocation or development. Please note that the Council intends to disregard previous call for sites submissions if there is no confirmation that the landowner / proposer wishes to continue with a past submitted proposal. This is to comply with "soundness" requirements around ensuring that sites or areas considered in the plan are available and developable during the plan period. Where such confirmation is given, the onus is on the landowner / proposer to ensure that any technical data to support the proposal (including that previously submitted) is as up to date as possible. The Council will allow a further 8 week period for supporting technical data to be submitted (by 15 February 2023) provided a call for sites form for the proposal has been submitted by the general consultation deadline of 5pm on 21 December 2022.

A consultation portal has been set up on the Council's website at www.cheshireeast.gov.uk/mwp where you can view the consultation documents and submit your comments or complete your Call for Sites form. In addition, a printed version of the draft MWP is available to view at the Council's principal offices, namely Westfields in Sandbach, Delamere House in Crewe and Macclesfield Town Hall. If you are not able to access the consultation documents online, or view them at the locations above, we will endeavour to make these available by an alternative means. Please contact us for further assistance, using the details below.

If you require any further information, please consult the Cheshire East Website at www.cheshireeast.gov.uk/mwp or use the contact details below.

Yours faithfully,

Digital Inclusion Strategy 2023-2026

CONSULTATION CLOSING 2ND JANUARY 2023

Digital Inclusion is about making sure that people have the skills, opportunities and confidence to use the internet to do things that benefit them day-to-day such as:

Accessing support services online

Shopping online

Finding information online

Our Vision is to make sure that no resident is digitally left behind and that every resident can access the community, health and council services they need.

We Spoke with Cheshire East Residents

We listened to Cheshire East residents in focus groups, coffee mornings, community centres and lunch clubs to understand experiences of going online.

Some residents told us they do not wish to use technology and are prefer to not be pressured into going online.

- 'My children help me when I need anything online'
- 'My husband doesn't want to build skills online, he's just not interested or motivated and I can do it for him'
- 'I value in-person contact with other people'

Other residents told us they want to go online but there are barriers that mean they can't.

They told us they need support to build their confidence to go online, to learn the skills to use technology and to be able to afford access to technology like a laptop.

Cheshire East Partnership

Digital Inclusion Strategy 2023-2026

- **'I'm frightened about doing the wrong thing, pressing the wrong button, it crashing and losing my information and money...'**
- **'Courses don't work as they're in a group with different devices and lots of jargon and terminology that I don't understand'**
- **'If I was confident my data was protected and I know I'm not vulnerable to hacking, I'd love to use the internet more'**

Other residents told us they feel confident and able to use the internet. They often use it for online shopping, searching for information and keeping in touch with others.

- **'I'm happy with my level of use of the internet and feel pretty confident with it'**
- **'I'm quite comfortable finding services online'**
- **'The only thing that stops me is connectivity'**

Improving Digital Inclusion helps us all

Getting online means better access to health-related information, job opportunities and education.

This helps an individual's health and wellbeing.

Cheshire East Partnership

Digital Inclusion Strategy 2023-2026

A Digital Inclusion Partnership

We want to create a group that looks at how we can help more people access the internet in Cheshire East.

This group will include residents, voluntary organisations, community groups, faith organisations, businesses in Cheshire East, our NHS and Cheshire East Council. This group will work together to:

1. Understand what activities are helping residents who struggle to use the internet
2. Understand where the gaps in this support are
3. Make sure that we are focusing on the issues residents are experiencing, and not making any assumptions about what they need
4. Find out what our residents need most and what will make the most difference
5. Make sure that we achieve what we set out to and don't let activities fizzle out

Our Plan to Make Digital Inclusion Happen

Our Cheshire East Digital Inclusion Partnership group will turn ideas into action.

The ideas put forward so far by residents and organisations are listed on the next page.

As more ideas are suggested, these can be added to this list.

Cheshire East Partnership

Digital Inclusion Strategy 2023-2026

Our Cheshire East Community's Ideas

Take a look at the ideas raised by residents and organisations so far:

Digital Buddies Scheme – Residents suggested more digital buddies schemes. Residents would have support from someone who is digitally enabled to help them build confidence and skills.

Beginner Skills Training - Residents wanted training for beginners, starting from the very beginning of switching on a device. They wanted bitesize sessions to make sure learners are not overwhelmed.

Learn from Each Other - Residents raised the idea of learning from others such as teenagers who may be looking for volunteering opportunities. This may also be neighbours helping neighbours.

Improve access in Community Centres – Residents suggested improving access to technology in community spaces. This could promote the benefits of using the internet and allow people to try it in a relaxed and supportive environment.

Improve Connectivity – Internet access ranged from poor to patchy at best by some residents. Our Connecting Cheshire scheme is improving connectivity and updates could be provided to residents.

Free Wi-Fi Access - Providing free Wi-Fi access to those in social housing was suggested to help those who may not be able to afford Wi-Fi.

Social Value - Digital inclusion could be a 'social value' topic for organisations who are commissioned by organisations such as Cheshire East Council. This means that organisations who provide a service for Cheshire East do a bit extra, above and beyond the contract, to add value to our communities.
