Cheshire East Councillor Report June 2026 for Disley Parish Council

Summary of Issues Raised by Residents 1-30 June 2026

Bin Collections	4
Play Area	1
Highways	2
Blue Badge	1
Total	8

I am again providing updates on several highways projects.

Buxton Road West

Unfortunately, as previously stated, there are serious issues with the work that has been done.

As I write this report, I am awaiting a further update from Cheshire East Highways regarding a timetable for necessary remedial work to be carried out following problems with the surface dressing and issues with road markings.

I shall follow this up later today (2 July).

Buxton Old Road

I have forwarded a spreadsheet with details of remaining blocked gullies to the Cheshire East drainage team and am awaiting confirmation of the date for a gulley cleaner to return to Disley.

Hollinwood Road

Drainage work was successfully completed week commencing 22 June as planned.

We now appear to have resolved the issue at the junction with Sherbrooke Road. I understand that a fence post had been hammered through the drainage pipe. A section of the pipe was replaced. This appears to have resolved a very longstanding problem.

I have been informed that all was well during the very heavy rainfall on Tuesday 30th June.

Gully cover replacement work was also successfully carried out at the top end of Hollinwood Road last week to deal with several stuck and damaged gully covers.

I understand that work was done (extra tarmac at the entrance to Sherbrooke Road) to facilitate access for a resident who uses a mobility scooter.

A big thank you to residents who moved their cars out of the way to enable this work to take place. Thanks are also due to Cllr Paul Bull from Disley Parish Council for his support and to the clerk for her assistance with comms on this project.

Ironwork outside 138/140 Buxton Road

I was unhappy with the response on traCE to this problem so followed this up with Cheshire East Highways and United Utilities. I am pleased to report that United Utilities have raised a permit to complete the necessary remedial works on 3 August.

It would be helpful if residents could continue to report blocked gullies, potholes and any other highways issues on traCE. This is the replacement for Fix My Street in Cheshire East. I review a weekly report of all items logged on traCE for Disley ward.

UNCLASSIFIED

There is a lot more work needed to bring roads in Disley and Newtown up to an acceptable standard, and I shall continue to pursue this work on behalf of residents.

Bin Collections

I am again seeing an increase in bin collection issues across the whole borough. I will continue to seek improvements from Cheshire East and take up problems on behalf of Disley residents.

Unfortunately, there are staff vacancies, issues with vehicles and the recent extremely hot weather which have all contributed to unacceptable service levels. Cheshire East are currently recruiting for a range of roles in their Waste and Recycling Team.

Road Safety

I have a meeting arranged with Disley Primary School to discuss road safety issues.

Community Transport Scheme project team meeting notes which include a request for council approval for items 1 and 2.

Friday 22nd May 2026 at 9.30am

Attendees: Cllrs Adams and Windsor, Sarah Allen and Helen Richards

1. A full review of the community bus financials for the year ending 31/3/26 was undertaken and it was confirmed that the position is where we would expect it to be. Total income was £7,870 and total expenditure was £5,508, resulting in a surplus of £2,362. This amount will be transferred to operating reserves which comprise accumulated surpluses less accumulated deficits. Operating reserves will then total £4,136 and are available to cover repairs or any unexpected costs. They do not cover depreciation or the administration costs of operating the scheme.
The Community Bus depreciation reserves are carved out of general reserves (but remain part of the general reserves) and £3,000 is usually transferred to this reserve each year. However, although authorised by council for 2025/26, the movement was not made so this will be done shortly.

Council approval is now sought for the £3,000 transfer for 2026/27.

2. Pricing review - the impact of the recent substantial increase in the price of diesel on our bus trip fares was considered, together with other likely increases such as insurance and general costs. It was proposed that an increase for the full day trip fares be introduced with effect from 01/09/26 (when the next trips programme starts). Prices for the shopping and half day trips including lunches are to remain the same.

Fares for trips	£3.00 shopping group
	£4.00 half day trip

Notes from Village Health & Wellbeing Teams meeting Thursday 25th June 2026

Present: Sue Adams, Lynn Barry, Lisa Joslin, Julie Magee, Val Burlison, Paul Vickers, Jean Windsor

Apologies: Clare Johnson, Sharon Joynson, Isabella Reid

2. Matters arising from previous meeting 9/4/26

Lisa reported that it appears that Bridgend Centre may not be able to take on support for Heart Heroes. It also transpires that training for existing 4 and any new volunteers must be from an accredited training provider, but more clarification is needed. It is still hoped that Poynton Men in Sheds will cover the required insurance.

3. Time to Talk

Julie will contact Clare to find out how many attended the last session in the main hall and if any went to the small meeting room for a private session.

4. Disley Friends Social Group

Jean reported that 23 attended the last session. The next session is on Friday 10th July when Move It or Lose It will be giving a short session. Jean has collected health questionnaire forms in advance for Inglewood residents, and the rest will be completed on the day.

Lisa reported that Everybody Health & Leisure may sponsor some sessions for Disley residents as they are looking to cover the Disley area without competing with existing offerings.

Action: Jean to give contact details for Move It or Lose It to Lisa (Done)

5. Afternoon Tea

Jean confirmed the date will be Friday 11th September from 1.30pm to 3.30pm and that musician/magicians have been booked. It is hoped that Know Your Numbers will be there in the library this time as last time they were refused permission to use the library.

Action: Sue to contact library manager

6. Bereavement Support

Jean will be meeting with Glenys and Leah on 9th July to arrange a start date for the sessions which will run once per month on a Thursday morning in the same way as Bollington Good Grief Cafe.

7. Scams Awareness

Paul confirmed his presentation is more or less ready and that ideally, he would like the police there to support. Sue would like to offer a date for this in either October or November to run on a Wednesday morning at a Cuppa an' a Chat session but be opened up to other Disley residents as well.

Action: Sue to provide contact details for PC Donny Kelly to Paul

8. Warm Spaces Winter 2026/2027

Sue reported that Kevin Welton, a new DPC Councillor, is keen to be involved in Soup and a Roll lunch which is always popular and runs after Cuppa an' a Chat on Wednesday from 12 noon to 1pm and is open to all Disley residents. This has previously taken place once per month.

Kevin is also keen to re-start the Sunday monthly film shows and would like to prepare a questionnaire re choice of film. Attendance has been very mixed and due to licence restrictions, it is not possible to publicise the film outside of the building. Val suggested trialling films for children/families in addition to films for older people. This would need careful consideration as more volunteers would be needed and more cost would be incurred as staff needed to open/close the building.

(Flight of the Navigator recommended as a good children's film by Lisa).

9 Tech Truck July Visit to Disley for SEND families

Sue reported that this has not yet been booked with Disley Parish Council. A flyer needs to be sent urgently as the closing date for the e-bulletin is Friday 26th June.

Action: Lisa to contact Just Drop In re booking with DPC

10. Middlewood Update

Lynn reported that the Menopause Cafe sessions are now running in Bollington. CGL (Change Grow Live) are doing pop up sessions. A bereavement group will also be running in Poynton.

Action: Lynn to find out if CGL are already running in Disley and at what location

10. Make a Difference Marketplace

Sue and Jean attended the session on 30th April in Poynton which got good public attendance and ran similarly to Disley Showcase. Another Disley Showcase would be good for 2027 at the Community Centre.

Action: Jean to take forward to next DPC Village Events meeting

11. AOB

Lisa reported that potentially a portable Blood Pressure Machine may become available to share between Disley, Poynton and Bollington. A suitable location needs to be found and offered to local groups.

Lisa also reported that no one from Disley attended the May SEND Drop-In session.

Action: Lisa to contact SEND group to find out why nobody attended

Suzanne Rhodes is running training sessions in Poynton for Dementia Carers/Families

Action: Lisa to send flyer to Sue (Done)

Summer Activities for Children being held in Poynton

Action: Lisa to find out if places still left and transport arrangements

12. Date and Time of Next Meeting

Thursday 3rd September 10 – 11am on Teams

13.

My son who is 11 lives in Disley and plays for a national basket-ball team. Due to basketball becoming very popular he and his friends would like to ask if they can get a basketball hoop and net in the park at Arnold Roads Park.

The tennis nets have now come down so could we possible install two basketball posts and nets?

It would be great to get investment in the park , I know there is a court next to the train station but it's in bad repair and there are no nets on the hoops.

Look forward to hearing from you on this.

Submission from Disley Parish Council to ROWIP Consultation

General Comments

Disley Parish Council fully endorses the aim to assess the needs of the public using the PROW and wider countryside access networks.

2. Maintain

M4 DPC agrees with the need for expansion of volunteering and the recruitment of a Volunteer Coordinator. ROW need to encourage more volunteer working parties by contacting u3as, running and horse riding forums, parish councils and schools. DPC feels that in particular, horse riders should contribute to path maintenance especially where bridleways impact on footpaths.

M5 DPC agrees that most valuable paths should be prioritised for maintenance, but not if the rest of the network is degraded as a result.

3. Improve

I4 DPC feels that availability of car parking should be assessed alongside promotion of popular routes

I6,7 Where paths are fenced there should be a requirement to maintain a good path surface. This is particularly important for visually impaired and disabled users.

Cyclists on footpaths are a big problem due to the increased usage of larger and higher powered bikes. DPC would suggest that numbers of cyclists are restricted to no more than 6 in one group as larger numbers can be very intimidating. There is also evidence that horse riders are using footpaths that are not bridleways. Clear signage and enforcement would be appropriate, perhaps with inhibitors such as are in use for motorbikes.

I8 Circular routes are not always possible due to long pathless road sections. Where possible, permissive paths should be created along with reinstatement of paths 'lost' due to failures in recording when responsibility was centralised.

I11, 12, 13 Processing of DMMOs reducing waiting times to under 12 months has been given a low priority. DPC feels that this priority should be increased as long delays will deter future claimants.

Where possible, permissive paths should be added to the definitive map and updating the 1950s map should also receive a higher priority.

4. Promote

P2 Public Transport. ROW users travelling to/from Disley would benefit from more frequent bus and train services. DPC would be fully supportive of an increase in train services to half hourly on weekdays and hourly on Sundays (currently every 2 hours)

P10 Promotion of paths and trails Pubs and cafes should be encouraged to promote local paths as this would support the local economy.

17.

The PRIDE group would like to purchase a planter in memory of Diane Guy who was involved in starting PRIDE back in 2001. The planter would be a similar one and size to the one located at the side of the Rams Head and a , suggested location for it would be in the grassed area near the entrance to Community Centre abutting the corner of the flagged pathways near the seat (opposite corner to the litter bin)

I am therefore seeking permission from DPC for this proposal / location on behalf of PRIDE who will look after planting.
